

## Ugly Meet Errors

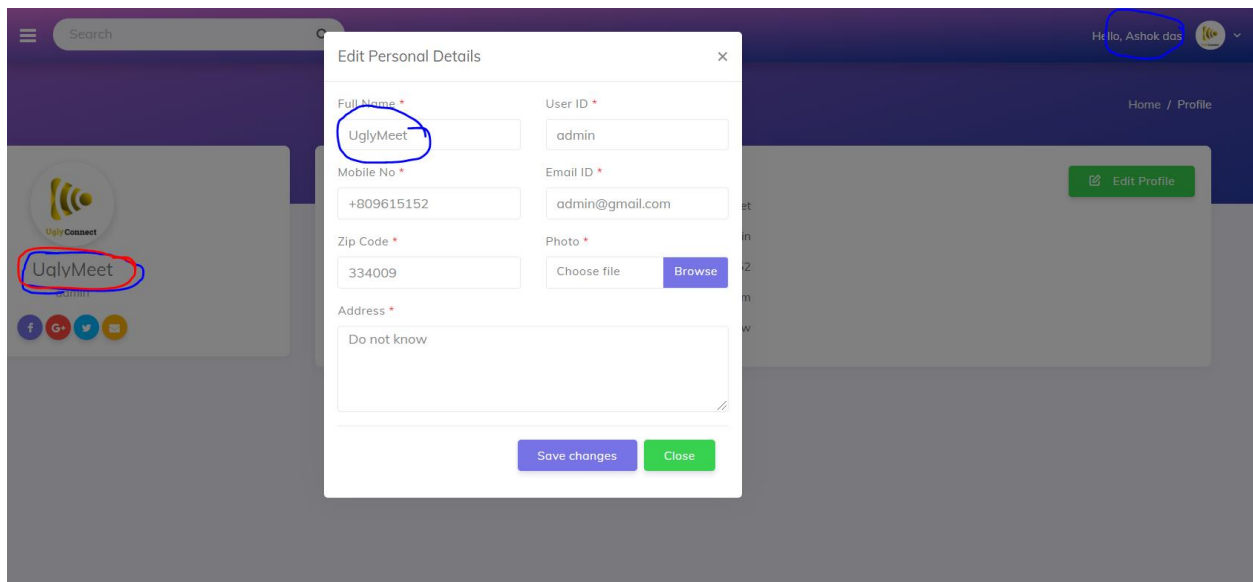

### Error 1

: Please check the logo which is coming out from the header bar

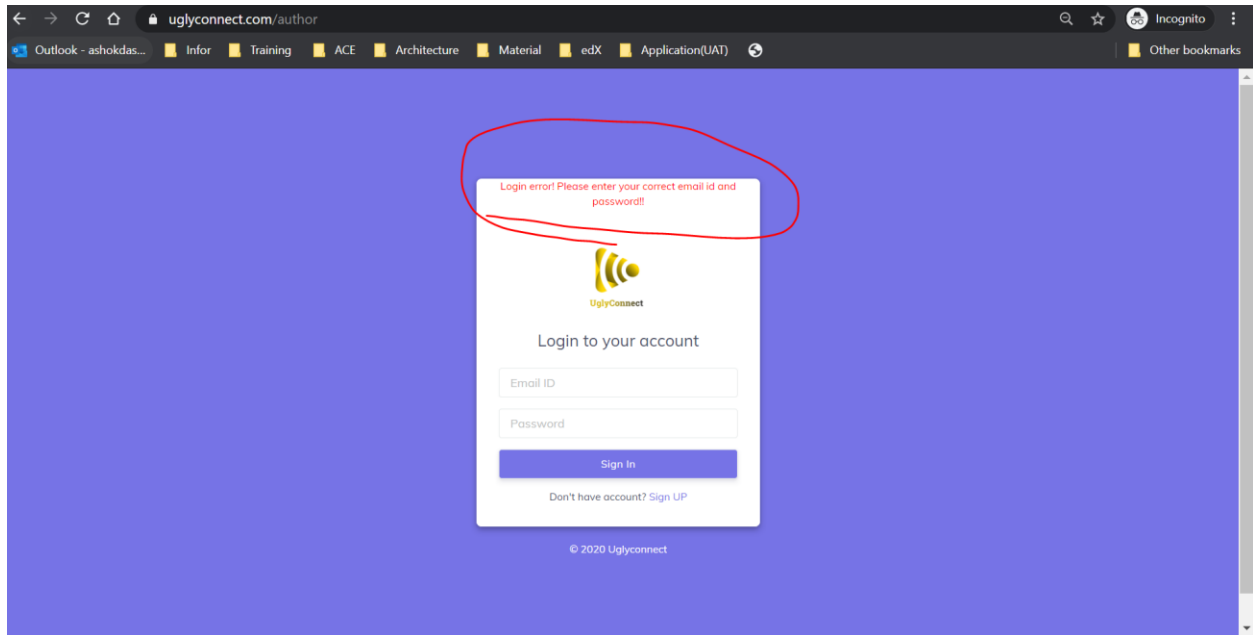

### Error 2 :

1. Unable to update the admin user Name
2. Please look at the red and blue highlighted, in UglyMeet "G" got chopped off

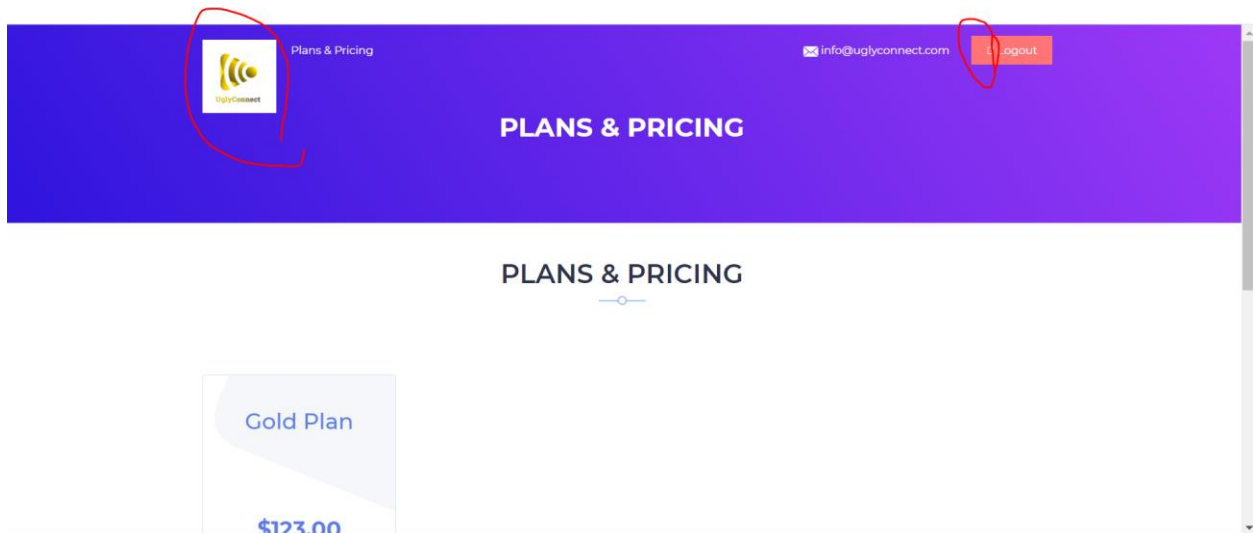

### Error 3 :

I Disabled this user and tried logged in with the help of same credentials, it shows below message, please replace the message with “Your Account is Disabled, Please contact Admin for more info.”

### Error 4:

Logo should be properly aligned and icon got missed in Logout button

## Error 5:

I logged in as a admin user and created a meeting, but system says, I don't have any active plans to create meeting, which is wrong, admin should not have any restriction to create the meeting because he is a super user
